## **DETAILED ACTION**

## Allowable Subject Matter

- 1. Claims 1-15 are allowed.
- 2. The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1 and 7, the closet prior arts, Toba and Tada, either singularly or in combination, fail to anticipate or render obvious that "a cellular phone capable of displaying an in-absence incoming call message on a display if a user of said cellular phone does not answer an incoming call, said cellular phone comprising: a timer for starting counting, at the same time as the in-absence incoming call message is displayed, a preselected period of time set therein beforehand; reporting means for alerting the user to the incoming call when said timer counts up the preselected period time", as argued by Applicants on pages 6-9 of Remarks filed 12/10/2004.

Claims 2-6 and 14 depend on claim 1. Therefore, they are allowed.

Claims 8-13 and 15 depend on claim 1. Therefore, they are allowed.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

· 4.

Conclusion

Page 3

4. The prior art made of record and not relied upon is considered pertinent to applicant's

disclosure.

Tada (US 5,963,143) teaches display of timer for programming mode of a radio selective

calling receiver.

Chang et al. (US 6,728,349 B2) teaches method for notifying and reminding phone users

of missed calls.

5. Any inquiry concerning this communication or earlier communications from the

examiner should be directed to David Q Nguyen whose telephone number is 703-605-4254. The

examiner can normally be reached on 8:30AM-5:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's

supervisor, David Hudspeth can be reached on 703-308-4825. The fax phone number for the

organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent

Application Information Retrieval (PAIR) system. Status information for published applications

may be obtained from either Private PAIR or Public PAIR. Status information for unpublished

applications is available through Private PAIR only. For more information about the PAIR

system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR

system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
